

Seabury Moore

Seabury Moore

Owner-led general contracting for custom homes, luxury renovations, historic restoration, and custom millwork throughout Central Virginia.

Core Services

Custom & Luxury Home Building: Full-scope general contracting for custom and luxury homes, with careful trade coordination, organized scheduling, and detailed finish oversight from planning through completion.

Renovations, Remodels & Additions: Whole-home remodels, kitchen and bathroom renovations, and home additions that integrate seamlessly with the existing structure while maintaining organized timelines and consistent communication.

Historic Renovation & Restoration: Preservation-focused renovation, restoration, and reconstruction for older homes—maintaining character while improving functionality, comfort, and durability.

Custom Millwork & Cabinetry: Custom cabinetry, built-ins, architectural trim, and detailed millwork coordinated through Worthington Architectural Millwork to elevate both new construction and renovation projects.

Our Process

Consultation & Planning: We begin by aligning on project goals, scope, and priorities to create a clear roadmap for the build or renovation.

Project Coordination: Trades, vendors, schedules, and materials are organized to keep the project structured and efficient.

Active Construction Management: Owner-led oversight ensures quality control, organized job sites, and proactive communication throughout construction.

Finish & Closeout: Final detailing, punch list completion, and a smooth project handoff ensure a polished final result.
